

History that matters to you

Welcome to Year 7 History at the City Academy Bristol. As a department we are very excited about meeting you in September (fingers crossed).

History is all around us and the actions of yesterday and the decisions that we make today will shape our future world. Today's world is one of the most significant periods of recent times with impact of COVID 19, Black Lives Matter and the future of the United Kingdom and its relationship with the rest of the world.

Our challenge to you is for you to investigate a period of History that is important to you. It could be anything from a particular event, someone in your community/family or something that you just want to explore and investigate further.

We are very excited to see what you come up with and are looking forward to you sharing these ideas when you join the Academy and putting them on display.

How you present this is entirely up to you but please use the following criteria to help you.

- It must include at least 5 facts about the subject that you have chosen.
- Explain why you selected this particular subject and why it matters so much to you.
- Please put any research into your own words.
- You can use ICT but if you don't have access consider doing a poster, newspaper article or a fact file.
- Make it bright and colourful so it engages your audience.
- Talk to friends and family about your ideas.

Good luck and we look forward to seeing your results. Have a great summer and see you in September.
