Dear Parents & Carers

### Inclusive Environments at The City Academy Bristol

We are writing to inform you of an exciting research project we are working on with our partner ImpactEd. ImpactEd is a research organisation which evaluates what is working well in schools and what impact this is having on young people.

Improving Inclusion for all pupils is a shared goal at The City Academy Bristol and across the UK. We want to make our school a place where all pupils feel included and welcome. To help us do this, pupils, staff and parents/carers will answer some questions about our school. This will help us understand what is going well and what we can make better.

Over the next few weeks, all pupils will fill in a short survey about:

- Leadership Environment - How pupils feel about adults at school, the activities they can do, and if they feel listened to.
- Physical Environment - How pupils feel moving around school and how the classroom and other spaces make them feel.
- Teaching Environment - What helps pupils learn and how teachers help them.

Pupils will do the survey on a computer during school time. We hope they will share their honest thoughts, but they can choose not to do the survey if they don't want to.

We would also like to hear from you as parents and carers. Please fill in our survey below. This will help inform how we can support you and your child better. We really value your honest feedback.

The link to the survey is <https://impacted.typeform.com/cabristol> or you can scan the QR code:

Best wishes,

Ben Tucker, Principal, City Academy
