

14<sup>th</sup> June 2023

Dear Parents and Carers,

We are currently experiencing warmer than usual weather conditions this June. We are also planning measures we can implement if there are heatwaves forecast this summer.

Please can you ensure that your child brings a refillable water bottle to school every day. Water is available in the Venue for students to refill bottles at breakfast, break and lunch time. On particularly hot days, we will also ensure water is available outside.

We would recommend students wear sunscreen and can bring a hat to school which can be worn outside at break and lunchtime.

For the rest of this term, students are not required to wear a blazer to school. On particularly hot days, students will be told that they do not need to wear their ties. This will be decided by the senior leadership team and students will be told in Tutor time.

For the rest of this term, students can wear school shorts if they wish. Please note that these must be school/tailored shorts like the ones below. These can be purchased from retailers such as Asda/Tesco/Matalan etc. Please note students are not allowed to wear PE shorts or 'casual' shorts. If students arrive in non-uniform, they will be asked to return home to change.

Please get in touch if you have any questions, thank you for your support.
