

Tuesday 17th November 2020

Dear Parents and Carers of Year 11 Students

This afternoon we were informed that one of our Year 11 students has tested positive for Covid 19. The student was last in school on Friday 13th November. We are taking the highest precautions and following the national guidance and the advice from our local Health Protection Team.

This afternoon we identified which students may have been in close contact with the student who tested positive, and those parents have been contacted and advised to self-isolate.

Your child is not a contact of the affected student so does not need to self isolate so should continue to attend school as normal.

Please be assured we are continuing with our strict hygiene measures with enhanced cleaning throughout the building, including disinfectant fogging the entire building every day.

What to do if your child develops symptoms of COVID 19

If your child develops symptoms of COVID-19, **you should inform the school and organise for your child to be tested** via the [NHS online portal](https://www.nhs.uk/conditions/coronavirus-covid-19/) or by calling 119. Your household should isolate until you receive the test results giving the all clear.

Symptoms of COVID 19

The most common symptoms of coronavirus (COVID-19) are recent onset of:

- new continuous cough and/or
- high temperature and/or
- a loss of, or change in, normal sense of taste or smell (anosmia)

For most people, coronavirus (COVID-19) will be a mild illness.

Further information is available at <https://www.nhs.uk/conditions/coronavirus-covid-19/>

I understand that this can be an anxious time for many and I appreciate your ongoing support.

Best wishes

Jon Angell
