Meet the City Academy Staff

The Principal

Mr. Angell

Hello and welcome to City Academy. I have been the Principal here for over 5 years and love working at this school.

The move to secondary school is a fantastic opportunity for you to be the person you want to be. You will be able to make new friends, learn new skills and we will provide you with lots of opportunities. How you use them will be up to you.

Let me warn you that it will be hard work. Learning is hard and that is why one of our values is #grit. You need to stick at things, particularly those things that you find difficult.

There are lots of great staff here who will help you and guide when things are difficult and you will come out in year 11 able to choose your career and improve the world.

I look forward to meeting you in September, if not before.

You will learn to speak a foreign language and do experiments in our science labs. We have a new product design workshop where we will teach you some woodwork skills alongside Art, Drama and Music lessons. Our sports facilities are excellent and we have lots of teams that play other schools at lots of sports. You will have Geography, History and Religious Educations lessons as well.

Mrs Jefferies

This will be my twelfth year teaching at City Academy Bristol. I really enjoy working at City Academy Bristol as I take great **Pride** in the progress that our students make during their time with us.

I work closely with the Pastoral team, we really value **Team Spirit**. Myself and the Pastoral team will support you with your pastoral care to help improve your academic progress. We will monitor your behaviour and celebrate your successes. One area that is really important is your attendance. We expect every student to have attendance of above 96%; we want to see you in school every day as this will help you make progress throughout your Academy journey .

These are very strange times at the moment with Covid-19. I am sure you have had to show a lot of **Grit** with the changes that have happened in the recent months. Please take the time to go to our website where we are constantly adding new information to support you to be ready for when you can join us at City Academy Bristol. I am really looking forward to meeting you all and welcoming you to the City Academy Bristol.

Take care and stay safe.

Hello

I am part of the Pastoral team. I help students who are finding school tricky.

I used to be an actor and I still work as a theatre director so sometimes we do lots of drama in my sessions.

When I am not at school I love hanging out with Fluffy, my pet Boa Constrictor.

Faculty Leaders

Miss Rodgers

Hello,

I am the Head of English and EAL (English as an Additional Language). It's my job to make sure that you are as successful as possible with your reading, writing and speaking and listening.

I know that some of you will love reading and writing whilst some of you will think that it's a little tricky. However you feel, my team and I are ready to help you. We want you to enjoy English and see the power that language has and appreciate the journey that a story can take you on.

I am the Head of Maths.

I have sent you all some questions in the post,
but here's one to try:

Think of a number

Double it

Add 20

Subtract 4

Half it

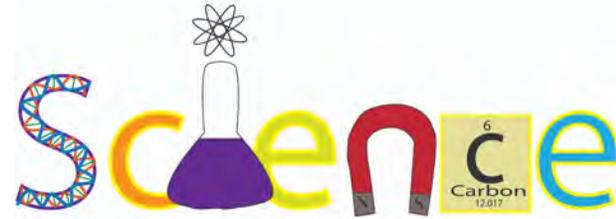

Subtract 8

What happens?

Mr McGuinness

Hello & Welcome!

My name is **Miss Malik** and I am **Head of Science** here at City Academy Bristol.

All students at City absolutely love getting involved in science experiments and I can't wait for you to join them!

Until we meet, you can start thinking like real scientists by considering the reasons for the following:

- Why is the Eiffel tower **15cm taller** in the summer?
- You are 'star dust' - the material you are made of originated from **exploding stars** in space.
- By the end of today you will have blinked around 12,000 times.

Mr Murphy

We all can't wait for you to get involved in our classroom lessons and the other extra-curricular activities we organise for you.

Miss Hobson

Hi everyone. I'm the SENDCO at City Academy – it's my job to ensure that students who have Special Educational Needs or Disabilities can enjoy school and make good progress.

I share information with teachers about students' needs, which can include Dyslexia, ADHD, struggling with friendships, managing feelings and medical or health issues.

I meet with students and their families to check on their progress and wellbeing.

I'm looking forward to seeing you all and will be in touch with some of you to get to know you better before we return to school.
