

Dear Parents and Carers

November 2024 Locker Allocation

We are pleased to inform you that this year, every student will be assigned a locker. Each student has been allocated a locker number, which will be communicated in the coming days.

To secure the locker, students will need to purchase a padlock. Suitable padlocks can be purchased from Screwfix, Amazon or similar retailers. Examples of suitable padlocks are provided below.

The diameter of the shackle must be 6.5mm -7.5mm (this is approximately the thickness of a standard pencil for guidance). If it is smaller, the padlock will not lock.

Please note, if a key-based padlock is chosen, the school cannot be responsible for misplaced keys. For all types of padlocks, if a key is lost or a combination is forgotten, the padlock will need to be cut for access, and the school will not be responsible for damage or replacing it.

We have secured limited stock of combination locks at a cost of £4.00 that can be purchased via **ParentPay only**. If you require help activating or navigating your ParentPay account, please contact luiza.parol@clf.uk.

In addition, may we remind you as the temperature is starting to fall, hoodies or other items that are non-school uniform will be confiscated unless kept inside their locker.

Compulsory branded school jumpers can be purchased from Price & Buckland www.pbuniform-online.co.uk/school-jumper4100a11404.html at a cost of £15.75-£18.90 depending on the size required.

Best wishes

Tom McGuinness
